

This diagram illustrates the exploded view of a two-seater sofa frame. The components are labeled as follows:

- 1:** The main rear frame rail, shown as a long, angled metal bar.
- 2:** The main front frame rail, shown as a long, horizontal metal bar.
- 3:** The rear leg assembly, consisting of two curved metal legs attached to the rear rail.
- 4:** A corner bracket or connector used to join the front and rear rails.
- 5:** A vertical support pin or bolt used to secure the seat base to the frame rails.
